

Tri-Star™ – Designed with convenience in mind

The Sunnex MedicalLight Tri-Star offers an economical alternative to traditional minor surgical or examination lights. A flexible gooseneck arm and swivel adjustment allow for a wide range of beam placement. The Tri-Star Series supplies up to 4,000 footcandles of filtered, intense light and offers a balanced distribution within a 5-inch center.

TRI-STAR MOBILE FEATURES

- » Unique one-hand release permits quick lamp height adjustment, from 27 to 80-inches
- » Casters move easily across all surfaces; base design prevents tipping
- » Easy 3-step bulb replacement

TRI-STAR WALL MOUNT FEATURES

- » Additional 30-inch extension arm provides 55-inches of reach to beam center
- » Occupies only 3-inches of room space when folded against wall
- » Easy 3-step bulb replacement
