Lamps for Hazardous Environments 20W Gooseneck Lamps

This series of lamps is designed for environments where standard 120V power is a potential electrical hazard such as areas in which coolant is sprayed or other chemicals are exposed to the lamp. A separate, all steel, remote transformer is included for safe, 12V low voltage power.

Technical Data

	Standard	Optional
Power	12V	-
Bulb	12V/20W	-
Color	Matte Black	-
Lamp Head	Straight Neck	-
Cord	7' SVT lamp cord to transformer; 7' SJT transformer cord with grounded plug	-
Lenses/Filters	Clear	-

Standard Configurations

	Gooseneck 20"	Gooseneck 27"
Magnetic Base	HS701ST-20	HS701ST-27
C-Clamp	HS702ST-20	HS702ST-27
