

## ASSEMBLY AND INSPECTION

HS 704-MS Series Magnifying Lamp

### **HS 704-MS Series Magnifying Lamp**

This magnifying lamp is based on our popular 700 Series of 20-watt lamps with an added feature, the gooseneck magnifier. Used for inspection, and detail work, this model features a 20-watt halogen lamp with swivel joint, 27" gooseneck, and 20" gooseneck w/magnifier. The magnification lens is distortion free and 1.75X (3 diopters). Available in black with a table base configuration.

#### **Also available:**

- Magnifier attachment for use with standard HS Series of lamps.
