

## Reveal™ Leak Detection Products

The Reveal Leak Detection System from UVP brings leaks to light with an ultraviolet lamp and specially formulated fluorescent tracing additives.

The tracer additives work easily and quickly in any system using water, oil, ATF, fuel or refrigerant

### Three easy steps:

- Turn the system off and pour in the appropriate Reveal Additive
- Run the system to circulate the additive
- Shine the UV lamp on the system and spot the fluorescent glow of any leaks - big or small

Reveal products reduce returns by locating all leaks at once, even multiple small leaks in the same system.

Ordering Information	
<b>A-670Plus Additive</b> For R-12 and R-22 mineral oil lubricated A/C Systems	
6 - 1oz. Bottles (1 oz equals 4 uses)	96-0148-01
24 - 1oz. Bottles (1 oz equals 4 uses)	96-0148-02
1 - 22oz. Bottle (1 oz equals 4 uses)	96-0148-03
<b>A-671Plus Additive</b> For R-134A PAG lubricated automotive A/C Systems	
6 - 1oz. Bottles (1 oz equals 4 uses)	96-0149-01
24 - 1oz. Bottles (1 oz equals 4 uses)	96-0149-02
<b>A-680Plus Additive</b> For Oil, Fuel and ATF Systems	
6 - 1oz. Bottles	96-0150-01
24 - 1oz. Bottles	96-0150-02
1 - 22oz. Bottle	96-0150-03
<b>A-690Plus Additive</b> For Water Coolant Systems	
6 - 1oz. Bottles	96-0153-01
24 - 1oz. Bottles	96-0153-02
1 - 22oz. Bottle	96-0153-03
Accessories	
<b>AC-1 Injector (R-12)</b>	98-0049-01
<b>AC-2 Injector (R-134A)</b>	98-0059-01
<b>B-50 UV/Blue Lamp, 12V</b>	95-0307-01
<b>BL-15 Longwave UV Lamp, 115V</b> (not CE)	95-0130-01
<b>B-100SP Hi-Intensity</b> 160W UV Lamp, 115V (not CE)	95-0128-01
Lamp Visor for B-100SP	19-0125-01
Lamp Funnel for B-100SP	19-0126-01

### Reveal Leak Detection Additives

**B-100SP:** Longwave 160-watt, self ballasted, high-intensity mercury vapor bulb detects leaks even in brightly lit shops. Cool-Touch™ housing is never too hot to touch, protecting the technician and the vehicle.

**B-100SP UV Lamp**  
(in Europe, the B-100AP is recommended, see p. 28).

B-100SP Dimensions:  
Lamp Head 9.75D x 6Dia. in. (248 x 152mm)  
Weight: 3.14lb. (1.43kg)

**BL-15:** This longwave BLB UV lamp is ideal for inspection applications in hard-to-reach places. Two adjustable hooks are included.

### BL-15 UV Lamp.

Weight:  
2.5 lb  
(1.1kg)

BL-15 Dimensions: 20L x 2Dia in. (508 x 50.8mm)

**B-50:** Features a powerful 50 watt ultraviolet/blue beam for detecting leaks in automotive systems, a non-slip rubberized grip handle and 15 ft. power cord. Terminal clips are including for operating the lamp from a 12V DC source.

### B-50 UV/Blue Lamp.

B-50 Dimensions:  
3Dia x 7.25L in.

**Injectors:** Two A/C injectors are available

AC-1 is for R-12 systems  
AC-2 is for R-134a systems
